It is the perfect time to come see the newly painted nose art on the Museum's WWII era B-17 bomber. The Museum is restoring its B-17 in honor of the original, "*City of Savannah*" which was the 5000th airplane to have been processed through Hunter Army Airfield during World War II. The "*City of Savannah*" is undergoing a complete restoration and is on display now in the Combat Gallery. Come be a part of history in the making!

Activated in 1942 in Savannah, GA the Eighth Air Force was a critical strike element in World War II and remains an active force today.
